FOR RISING TALENT

Situated just a stone’s throw from Bangkok’s CBD, Chim Chim is a vibrant new addition to the buzzing Siam art district and offers a rotating selection of multimedia works from Thai and international artists whether emerging or established.

The flexible space presents a clean canvas for a diverse display of creativity, which continues with an upstairs workshop space that encourages interaction between resident artists and the public.

The project features both curated and proposal-based exhibitions, which aim to build a network of creative minds and attract local foot traffic.
